Our office is a participating provider in Medicare's network. This means that you pay only for what Medicare does not pay. We wait for Medicare to pay us the balance. Medicare will send you and Explanation of Benefits that will show what they have paid to our office.

MEDICARE COVERAGE FOR CHIROPRACTORS

1. Medicare at this time approves payments for spinal adjustments only.
2. Medicare does not cover or approve payment for any other service in our office. They do not pay for therapy (electric stimulation, ultra sound, mechanical traction, massage, etc.), examinations, blood work, or supplements. In some rare cases your secondary insurance will cover some of these services.

OUR OFFICE CHARGES

1. We will bill our usual and customary charge for an adjustment. Medicare will only reimburse 80% of their allowed charge. You may be required to pay the difference of the 20%. If you have a secondary insurance, it may cover the 20%.

DEDUCTIBLE

1. On January 1st of each year Medicare assigns participants a \$131.00 deductible. You may be required to pay for services up front if the deductible has not been met.

By signing below, I am acknowledging that I have read and understand the above letter and that (upon request) I will receive a copy of the same. I also agree to pay any balance to Hengel Family Chiropractic, P.A. should Medicare deny any claims.
